

CX Metrics for Executive Dashboards Training Course

Professional Development Training Course Outline

Category	Customer Service and Customer Experience	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today's competitive business environment, customer experience (CX) has become the ultimate differentiator. Organizations that leverage data-driven insights and actionable CX metrics achieve higher customer retention, stronger brand loyalty, and increased revenue growth. Executive dashboards serve as the command center for leaders to visualize, analyze, and act upon critical CX data in real-time. CX Metrics for Executive Dashboards Training Course empowers executives and CX professionals with advanced skills to design, implement, and interpret dashboards that drive strategic decision-making and operational excellence. Participants will gain practical knowledge of KPIs, NPS, CSAT, CES, journey analytics, and predictive insights to enhance customer satisfaction and business outcomes.

Through a hands-on, case-study-driven approach, this course equips leaders with the tools and frameworks needed to monitor CX performance across channels, benchmark industry standards, and prioritize initiatives that maximize ROI. By integrating modern analytics, AI-powered insights, and actionable visualization techniques, participants will learn how to transform complex customer data into clear, executive-ready dashboards. This program is ideal for executives, managers, and data professionals seeking to optimize customer journeys, streamline reporting, and drive a culture of customer-centric decision-making.

Programme Curriculum

CX Metrics for Executive Dashboards Training Course

Introduction

In today's competitive business environment, customer experience (CX) has become the ultimate differentiator. Organizations that leverage data-driven insights and actionable CX metrics achieve higher customer retention,

stronger brand loyalty, and increased revenue growth. Executive dashboards serve as the command center for leaders to visualize, analyze, and act upon critical CX data in real-time. CX Metrics for Executive Dashboards Training Course empowers executives and CX professionals with advanced skills to design, implement, and interpret dashboards that drive strategic decision-making and operational excellence. Participants will gain practical knowledge of KPIs, NPS, CSAT, CES, journey analytics, and predictive insights to enhance customer satisfaction and business outcomes.

Through a hands-on, case-study-driven approach, this course equips leaders with the tools and frameworks needed to monitor CX performance across channels, benchmark industry standards, and prioritize initiatives that maximize ROI. By integrating modern analytics, AI-powered insights, and actionable visualization techniques, participants will learn how to transform complex customer data into clear, executive-ready dashboards. This program is ideal for executives, managers, and data professionals seeking to optimize customer journeys, streamline reporting, and drive a culture of customer-centric decision-making.
