Fiscal Policy in Times of Crisis Training Course

Professional Development Training Course Outline

Category	Public Financial Management & Budgeting	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

In an increasingly volatile global economy, fiscal policy plays a vital role in navigating financial instability, economic downturns, and unexpected crises. Fiscal Policy in Times of Crisis Training Course equips participants with practical knowledge and advanced skills to design, implement, and evaluate crisis-responsive fiscal strategies that safeguard economic stability, enhance resilience, and promote inclusive growth. Through dynamic learning sessions, participants will master the latest policy frameworks, fiscal tools, and financial governance approaches needed to address inflation, debt sustainability, unemployment, and revenue shocks during times of uncertainty.

The course combines policy analysis, real-world case studies, and global best practices to empower professionals in both the public and private sectors. Participants will gain insights into countercyclical fiscal measures, crisis budgeting, and fiscal stimulus interventions while exploring strategies for post-crisis recovery and long-term fiscal sustainability. By the end, learners will be equipped to make informed decisions and implement resilient fiscal policies that strengthen economies even in turbulent times.

Fiscal Policy in Times of Crisis Training Course

Introduction

In an increasingly volatile global economy, fiscal policy plays a vital role in navigating financial instability, economic downturns, and unexpected crises. Fiscal Policy in Times of Crisis Training Course equips participants with practical knowledge and advanced skills to design, implement, and evaluate crisis-responsive fiscal strategies that safeguard economic stability, enhance resilience, and promote inclusive growth. Through dynamic learning sessions, participants will master the latest policy frameworks, fiscal tools, and financial governance approaches needed to address inflation, debt sustainability, unemployment, and revenue shocks during times of uncertainty.

The course combines policy analysis, real-world case studies, and global best practices to empower professionals in both the public and private sectors. Participants will gain insights into countercyclical fiscal measures, crisis budgeting, and fiscal stimulus interventions while exploring strategies for post-crisis recovery and long-term fiscal sustainability. By the end, learners will be equipped to make informed decisions and implement resilient fiscal policies that strengthen economies even in turbulent times.

Course Objectives

1. Analyze the role of fiscal policy in economic crisis management.
2. Design countercyclical fiscal strategies for economic recovery.
3. Apply fiscal stimulus measures to stabilize economies.
4. Evaluate the effectiveness of public spending during crises.
5. Assess taxation strategies to balance revenue needs and equity.
6. Identify approaches for debt management and sustainability.
7. Examine the impact of fiscal policy on inflation and unemployment.
8. Develop strategies for crisis budgeting and resource allocation.
9. Apply macroeconomic stabilization policies in crisis scenarios.
10. Leverage public-private partnerships to enhance fiscal resilience.
11. Interpret global best practices in fiscal policy crisis management.
12. Implement digital fiscal management tools for crisis response.
13. Design post-crisis recovery frameworks for sustainable growth.
