

Gender and Tech Entrepreneurship Training Course

Professional Development Training Course Outline

Category	Gender Studies	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Gender and Tech Entrepreneurship Training Course is designed to empower women and marginalized gender groups to thrive in the rapidly evolving technology ecosystem. This program leverages cutting-edge strategies, digital innovation, and inclusive entrepreneurship practices to equip participants with the skills to launch, scale, and sustain technology-driven ventures. By focusing on gender-responsive leadership, digital transformation, and startup growth, this course bridges the gender gap in tech entrepreneurship, fostering innovation, economic empowerment, and social impact.

Participants will engage with real-world case studies, mentorship from successful entrepreneurs, and hands-on project-based learning to develop competencies in technology management, fundraising, product development, and market entry strategies. Through this course, learners gain actionable insights into leveraging technology for business innovation while promoting equitable access, diversity, and inclusion in entrepreneurial ecosystems.
