

HR Dashboard Springboard Training Course

Professional Development Training Course Outline

Category	Human Resource Management	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today's data-driven business landscape, HR analytics and dashboards have become critical tools for organizations aiming to optimize talent management and drive strategic decisions. HR Dashboard Springboard Training Course empowers professionals to harness HR metrics, workforce analytics, and real-time insights to enhance productivity, engagement, and retention. Through hands-on learning, participants gain the ability to create visually compelling dashboards that highlight workforce trends, performance KPIs, and HR efficiencies.

This course equips HR practitioners, analysts, and managers with advanced skills in data visualization, employee performance analytics, and predictive HR reporting. By integrating Power BI, Excel, and HRIS data sources, learners will develop actionable insights that support strategic planning and foster an agile, performance-driven organizational culture. Practical case studies, interactive exercises, and real-world HR scenarios ensure participants leave with skills immediately applicable in their workplaces.

Programme Curriculum

HR Dashboard Springboard Training Course

Introduction

In today's data-driven business landscape, HR analytics and dashboards have become critical tools for organizations aiming to optimize talent management and drive strategic decisions.
