

Micro-prudent Regulation & Regulatory Frameworks Training Course

Professional Development Training Course Outline

Category	Microfinance & Financial Inclusion	Duration	10 Days
Base Fee	\$3,000 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Micro-prudent regulation and robust regulatory frameworks form the backbone of a stable and inclusive financial ecosystem. Effective regulation ensures that financial institutions operate safely, clients are protected, and systemic risks are mitigated. Micro-prudent Regulation & Regulatory Frameworks Training Course equips participants with comprehensive knowledge of micro-prudential principles, supervisory approaches, regulatory standards, risk assessment techniques, and compliance mechanisms. It emphasizes integrating global best practices, digital innovations, and evidence-based regulation to strengthen institutional resilience and financial stability.

Participants will gain practical skills to implement regulatory frameworks, monitor institutional performance, assess risk exposures, and ensure compliance with prudential norms. The course explores emerging trends in fintech, microfinance oversight, risk-based supervision, and consumer protection. Through case studies, simulations, and interactive exercises, learners will be able to design, enforce, and evaluate effective micro-prudent regulatory systems that support inclusive, sustainable, and resilient financial markets.

Programme Curriculum

Micro-prudent Regulation & Regulatory Frameworks Training Course

Introduction

Micro-prudent regulation and robust regulatory frameworks form the backbone of a stable and inclusive financial ecosystem. Effective regulation ensures that financial institutions operate safely, clients are protected, and systemic risks are mitigated. Micro-prudent Regulation & Regulatory Frameworks Training Course equips participants with comprehensive knowledge of micro-prudential principles, supervisory approaches, regulatory standards, risk assessment techniques, and compliance mechanisms. It emphasizes integrating global best

practices, digital innovations, and evidence-based regulation to strengthen institutional resilience and financial stability.

Participants will gain practical skills to implement regulatory frameworks, monitor institutional performance, assess risk exposures, and ensure compliance with prudential norms. The course explores emerging trends in fintech, microfinance oversight, risk-based supervision, and consumer protection. Through case studies, simulations, and interactive exercises, learners will be able to design, enforce, and evaluate effective micro-prudent regulatory systems that support inclusive, sustainable, and resilient financial markets.

Course Objectives

1. Understand core principles of micro-prudent regulation and supervisory frameworks.
2. Analyze regulatory compliance requirements for financial institutions.
3. Apply risk-based supervision techniques to assess institutional stability.
4. Strengthen internal controls and governance practices.
5. Implement prudential regulations aligned with international standards.
6. Monitor financial institutions for capital adequacy, liquidity, and solvency.
7. Evaluate operational and systemic risk exposures.
8. Integrate digital financial innovations within regulatory frameworks.
9. Design corrective actions and enforcement measures for non-compliance.
10. Build frameworks to protect consumers and promote market integrity.
11. Develop reporting and analytics for supervisory decision-making.
12. Apply stress testing and scenario analysis to evaluate resilience.
13. Promote sustainable financial inclusion through prudential oversight.

Organizational Benefits

- Strengthened compliance with prudential and regulatory standards
- Improved institutional risk assessment and monitoring
- Enhanced governance and internal control practices
- Reduced financial and operational risks
- Increased regulatory transparency and accountability
- Improved consumer protection and trust in financial institutions
- Enhanced reporting and data-driven supervisory decisions
- Strengthened market stability and resilience
- Optimized adoption of fintech and digital financial services
- Alignment with global regulatory and supervisory best practices

Target Audiences

- Central bank regulators and supervisors
- Microfinance institution managers and compliance officers
- Financial sector risk managers
- Policy makers and government regulators
- Internal auditors and financial controllers
- Legal and compliance teams in financial institutions
- Financial inclusion specialists and consultants
- Financial sector development practitioners

Course Duration: 10 days

Course Modules

Module 1: Introduction to Micro-prudent Regulation

- Principles of micro-prudent regulation
- Importance of regulatory frameworks in financial stability
- Key global regulatory standards and guidelines
- Risk management foundations in microfinance
- Supervisory objectives and functions
- Case Study: Regulatory gaps impacting institutional performance

Module 2: Prudential Standards and Compliance

- Capital adequacy, liquidity, and solvency requirements
- Operational and financial risk compliance
- Benchmarking against international prudential norms
- Reporting obligations and documentation
- Compliance monitoring tools and techniques
- Case Study: Capital shortfall remediation in a microfinance institution

Module 3: Governance and Internal Controls

- Board and management oversight responsibilities
- Internal audit and control mechanisms
- Segregation of duties and accountability structures
- Fraud prevention and ethical standards
- Monitoring compliance culture
- Case Study: Governance failures leading to regulatory penalties

Module 4: Risk-Based Supervision Techniques

- Identifying and assessing institutional risks
- Supervisory rating systems and risk scoring
- Risk monitoring frameworks
- Prioritization of high-risk institutions
- Use of dashboards and reporting metrics
- Case Study: Risk-based supervision averting institutional collapse

Module 5: Operational Risk Management

- Identifying operational vulnerabilities
- Risk mitigation strategies and controls
- Disaster recovery and business continuity planning
- Staff training and capacity building
- Evaluating operational risk effectiveness
- Case Study: Operational loss management in microfinance operations

Module 6: Credit Risk and Portfolio Management

- Principles of credit risk assessment
- Loan portfolio diversification and monitoring
- Non-performing loan management

- Credit scoring and alternative data models
- Loan provisioning and recovery strategies
- Case Study: Reducing portfolio risk through credit analysis

Module 7: Market and Liquidity Risk Management

- Market risk identification and monitoring
- Interest rate and exchange rate exposures
- Liquidity stress testing and contingency planning
- Hedging and mitigation strategies
- Reporting and escalation mechanisms
- Case Study: Managing liquidity crises in small financial institutions

Module 8: Consumer Protection and Market Integrity

- Consumer rights and obligations
- Transparent pricing and disclosure standards
- Complaint handling mechanisms
- Regulatory interventions and enforcement
- Promoting financial literacy and trust
- Case Study: Protecting clients during rapid product rollout

Module 9: Digital Financial Services and Regulation

- Emerging fintech and digital financial services
- Regulatory challenges in digital banking
- Risk assessment for mobile money and payment platforms
- Data security and privacy compliance
- Supervisory innovations for digital ecosystems
- Case Study: Fintech regulation preventing systemic risk

Module 10: Anti-Money Laundering and Fraud Prevention

- AML/CFT regulatory requirements
- Detecting and reporting suspicious activities
- Compliance program design and monitoring
- Transaction monitoring systems
- Staff awareness and training programs
- Case Study: AML program preventing high-risk exposure

Module 11: Stress Testing and Scenario Analysis

- Principles of stress testing in financial supervision
- Developing scenario frameworks
- Evaluating capital, liquidity, and operational resilience
- Reporting outcomes to regulators and boards
- Incorporating stress testing into supervisory processes
- Case Study: Scenario analysis identifying solvency risks

Module 12: Reporting and Supervisory Analytics

- Data collection and validation

- Key performance and risk indicators
- Supervisory dashboards and visualization tools
- Reporting frameworks for regulators and stakeholders
- Analytical methods for decision-making
- Case Study: Data-driven insights improving supervisory outcomes

Module 13: Enforcement and Corrective Measures

- Supervisory intervention strategies
- Remedial action plans and timelines
- Sanctions and penalties for non-compliance
- Communication with boards and stakeholders
- Monitoring follow-up and effectiveness
- Case Study: Corrective actions restoring institutional stability

Module 14: Policy Development and Regulatory Reform

- Evaluating regulatory gaps and inefficiencies
- Designing policies for emerging financial innovations
- Stakeholder consultation and consensus building
- Implementing reforms in financial institutions
- Monitoring policy impact and compliance
- Case Study: Regulatory reform enhancing microfinance resilience

Module 15: Sustainable Micro-prudent Frameworks

- Integrating prudential regulation with financial inclusion
- Long-term governance and supervision strategies
- Continuous improvement and benchmarking
- Capacity building for regulators and institutions
- Aligning with global financial sector best practices
- Case Study: Nationwide implementation of sustainable regulatory frameworks

Training Methodology

- Instructor-led presentations and conceptual briefings
- Practical exercises and scenario-based simulations
- Case study discussions and group analysis
- Interactive workshops on regulatory tools and dashboards
- Peer-learning and collaborative problem-solving activities
- Continuous feedback and assessment

Certification

Upon successful completion of this training, participants will be issued with a globally- recognized certificate.

Tailor-Made Course

We also offer tailor-made courses based on your needs.

Key Notes

- a. The participant must be conversant with English.
- b. Upon completion of training the participant will be issued with an Authorized Training Certificate
- c. Course duration is flexible and the contents can be modified to fit any number of days.
- d. The course fee includes facilitation training materials, 2 coffee breaks, buffet lunch and A Certificate upon successful completion of Training.
- e. One-year post-training support Consultation and Coaching provided after the course.
- f. Payment should be done at least a week before commencement of the training, to FINESKILL TRAINING CENTER account, as indicated in the invoice so as to enable us prepare better for you.

Upcoming Scheduled Sessions

Start Date	End Date	Location	Price
07 Sep 2026	18 Sep 2026	Physical	\$3,000
14 Sep 2026	25 Sep 2026	Physical	\$3,000
21 Sep 2026	02 Oct 2026	Physical	\$3,000
28 Sep 2026	09 Oct 2026	Physical	\$3,000
05 Oct 2026	16 Oct 2026	Physical	\$3,000
12 Oct 2026	23 Oct 2026	Physical	\$3,000
19 Oct 2026	30 Oct 2026	Physical	\$3,000
26 Oct 2026	06 Nov 2026	Physical	\$3,000
