

People Metrics & Dashboards Training Course

Professional Development Training Course Outline

Category	Human Resource Management	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today’s dynamic business landscape, data-driven decision-making is no longer optional it is essential. People Metrics & Dashboards Training Course equips HR professionals, business analysts, and organizational leaders with advanced skills to capture, analyze, and visualize workforce data effectively. By leveraging cutting-edge HR analytics, people metrics, and interactive dashboards, participants will gain actionable insights to optimize talent management, improve employee engagement, and drive strategic organizational growth. This course combines practical case studies, real-world scenarios, and hands-on exercises to transform raw data into predictive insights and performance-driven strategies.

This training program emphasizes the integration of HR technology platforms, people analytics tools, and data storytelling techniques to make complex workforce data comprehensible and actionable. Participants will learn to design and implement custom dashboards, track key performance indicators (KPIs), and benchmark talent performance against industry standards. By the end of this course, attendees will confidently translate workforce data into strategic business value, align human capital initiatives with corporate objectives, and foster a culture of continuous improvement and informed decision-making.
