

Performance Feedback & Coaching Training Course

Professional Development Training Course Outline

Category	Project Management	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Performance feedback and coaching are critical leadership capabilities that directly influence employee engagement, productivity, accountability, and organizational performance. Performance Feedback & Coaching Training Course provides participants with practical, evidence-based frameworks for delivering constructive feedback, conducting effective coaching conversations, and fostering continuous performance improvement. Emphasis is placed on goal alignment, behavioural feedback models, psychological safety, growth mindset, and performance conversations that drive measurable results across teams and individuals.

The training equips managers and professionals with modern coaching techniques, feedback tools, and communication strategies that support talent development, performance management systems, and leadership effectiveness. Participants will learn how to manage difficult conversations, overcome resistance, link feedback to organizational objectives, and embed coaching cultures that support learning, agility, and high performance in dynamic work environments.

Performance Feedback & Coaching Training Course

Introduction

Performance feedback and coaching are critical leadership capabilities that directly influence employee engagement, productivity, accountability, and organizational performance. Performance Feedback & Coaching Training Course provides participants with practical, evidence-based frameworks for delivering constructive feedback, conducting effective coaching conversations, and fostering continuous performance improvement. Emphasis is placed on goal alignment, behavioural feedback models, psychological safety, growth mindset, and performance conversations that drive measurable results across teams and individuals.

The training equips managers and professionals with modern coaching techniques, feedback tools, and communication strategies that support talent development, performance management systems, and leadership effectiveness. Participants will learn how to manage difficult conversations, overcome resistance, link feedback to organizational objectives, and embed coaching cultures that support learning, agility, and high performance in dynamic work environments.

Course Objectives

1. Understand modern performance management and continuous feedback frameworks.
2. Apply structured feedback models for behavioural and results-based improvement.
3. Develop coaching skills that enhance employee capability and accountability.
4. Strengthen communication techniques for difficult performance conversations.
5. Align feedback and coaching with organizational goals and KPIs.
6. Build psychological safety to support honest performance dialogue.
7. Use data and performance metrics to support objective feedback.
8. Apply coaching techniques for talent development and succession planning.
9. Address underperformance through structured improvement plans.
10. Enhance leadership effectiveness through coaching-based management.
11. Integrate feedback into performance appraisal and review systems.
12. Manage resistance and emotional responses during feedback sessions.
13. Develop action plans for embedding coaching cultures in organizations.
