

PFM for Development Cooperation Training Course

Professional Development Training Course Outline

Category	Public Financial Management & Budgeting	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Public Financial Management (PFM) plays a critical role in ensuring effective development cooperation, aid effectiveness, fiscal transparency, and sustainable economic growth. PFM for Development Cooperation Training Course equips participants with the knowledge and practical skills needed to strengthen PFM systems, enhance accountability, and ensure that development resources are managed efficiently. Through evidence-based strategies, the course provides insights into fiscal discipline, expenditure control, revenue mobilization, and governance reforms, with a special focus on international development assistance, donor coordination, and financial accountability.

By combining global best practices with real-world case studies, this training empowers participants to build institutional capacity, design effective policies, and improve service delivery in line with international standards. Whether working in government ministries, donor agencies, civil society organizations, or development institutions, participants will gain actionable skills to address budget planning, aid integration, public expenditure management, and monitoring & evaluation frameworks, making development cooperation more impactful and results-oriented.

Programme Curriculum

PFM for Development Cooperation Training Course

Introduction

Public Financial Management (PFM) plays a critical role in ensuring effective development cooperation, aid effectiveness, fiscal transparency, and sustainable economic growth. PFM for Development Cooperation Training Course equips participants with the knowledge and practical skills needed to strengthen PFM systems, enhance accountability, and ensure that development resources are managed efficiently. Through evidence-

based strategies, the course provides insights into fiscal discipline, expenditure control, revenue mobilization, and governance reforms, with a special focus on international development assistance, donor coordination, and financial accountability.

By combining global best practices with real-world case studies, this training empowers participants to build institutional capacity, design effective policies, and improve service delivery in line with international standards. Whether working in government ministries, donor agencies, civil society organizations, or development institutions, participants will gain actionable skills to address budget planning, aid integration, public expenditure management, and monitoring & evaluation frameworks, making development cooperation more impactful and results-oriented.

Course Objectives

1. Strengthen understanding of Public Financial Management (PFM) principles for development cooperation.
2. Apply fiscal transparency and accountability mechanisms in aid-financed projects.
3. Enhance skills in budget formulation, execution, and monitoring for donor-supported programs.
4. Integrate development aid into national PFM systems for improved sustainability.
5. Promote domestic revenue mobilization and reduce aid dependency.
6. Strengthen financial reporting and auditing practices aligned with international standards.
7. Implement results-based budgeting for development outcomes.
8. Analyze the role of donor coordination and harmonization in aid effectiveness.
9. Build institutional capacity for public expenditure management.
10. Apply risk management frameworks in aid-funded projects.
11. Improve service delivery performance through effective PFM reforms.
12. Utilize digital financial management systems for transparency and accountability.
13. Foster inclusive governance in development cooperation initiatives.

Target Audience

1. Government officials from Ministries of Finance and Planning
2. Development cooperation and donor agency staff
3. Policy advisors and consultants in PFM
4. Public sector auditors and accountants
5. Civil society and NGO representatives
6. International financial institution staff
7. University researchers and think-tank analysts
8. Program and project managers in aid-funded initiatives
