PFM for Post-Disaster Recovery and Reconstruction Training Course

Professional Development Training Course Outline

Category	Public Financial Management & Budgeting	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

Public Financial Management (PFM) plays a pivotal role in ensuring resilience, transparency, and accountability in post-disaster recovery and reconstruction processes. Effective PFM systems enable governments and institutions to mobilize resources quickly, allocate funds efficiently, and implement disaster risk financing strategies that build trust and ensure long-term resilience. PFM for Post-Disaster Recovery and Reconstruction Training Course equips participants with the technical expertise and strategic frameworks required to manage financial resources for recovery and reconstruction while promoting good governance, fiscal transparency, and sustainable development.

With the increasing frequency of climate-induced disasters, humanitarian crises, and post-conflict recovery needs, this training emphasizes the importance of integrating disaster risk reduction, resilience financing, and reconstruction planning into the PFM framework. Participants will gain practical knowledge on leveraging international standards, donor coordination, emergency budgeting, financial accountability, and monitoring systems to ensure efficient disaster response and resilient recovery outcomes.

Programme Curriculum

PFM for Post-Disaster Recovery and Reconstruction Training Course

Introduction

Public Financial Management (PFM) plays a pivotal role in ensuring resilience, transparency, and accountability in post-disaster recovery and reconstruction processes. Effective PFM systems enable governments and institutions to mobilize resources quickly, allocate funds efficiently, and implement disaster risk financing strategies that build trust and ensure long-term resilience. PFM for Post-Disaster Recovery and Reconstruction Training Course equips participants with the technical expertise and strategic frameworks required to manage financial resources for recovery and reconstruction while promoting good governance, fiscal transparency, and sustainable development.

With the increasing frequency of climate-induced disasters, humanitarian crises, and post-conflict recovery needs, this training emphasizes the importance of integrating disaster risk reduction, resilience financing, and reconstruction planning into the PFM framework. Participants will gain practical knowledge on leveraging international standards, donor coordination, emergency budgeting, financial accountability, and monitoring systems to ensure efficient disaster response and resilient recovery outcomes.

Course Objectives

1. Understand the principles of PFM in disaster recovery and reconstruction.
2. Analyze global frameworks for disaster risk financing and fiscal resilience.
3. Design emergency budgeting and expenditure frameworks for recovery.
4. Strengthen transparency, accountability, and anti-corruption mechanisms.
5. Apply climate finance and resilience financing strategies.
6. Develop mechanisms for rapid fund mobilization and donor alignment.
7. Integrate PFM reforms into post-crisis reconstruction planning.
8. Evaluate public investment management in recovery projects.
9. Apply monitoring, evaluation, and audit frameworks in post-disaster finance.
10. Strengthen inter-agency coordination and stakeholder engagement.
11. Build community-inclusive financial planning for reconstruction.
12. Utilize digital financial management tools for disaster recovery.
13. Create policy recommendations for sustainable and resilient recovery financing.

Target Audience

1. Government officials in finance and planning ministries.
2. Disaster risk management practitioners.
3. Public auditors and accountants.
4. Humanitarian and recovery program managers.
5. Policy advisors and economic planners.
6. Civil society and community-based organizations.
7. International development partners and donors.
8. Academics and researchers in governance and disaster studies.

Course Duration: 5 days

Course Modules

Module 1: Foundations of PFM in Disaster Recovery

- Core principles of PFM in crisis contexts.
- Global best practices for disaster-related financial systems.
- Role of government institutions in recovery financing.
- Fiscal policy implications of disaster response.
- Key risks in PFM during emergencies.
- **Case Study: Haiti earthquake financial management response**.

Module 2: Emergency Budgeting and Expenditure Frameworks

- Designing contingency budgets for rapid response.
- Flexible expenditure mechanisms in post-crisis contexts.
- Ensuring efficiency in public spending.
- Fiscal discipline during recovery.
- Expenditure tracking for accountability.

- **Case Study: Nepal post-earthquake budget reallocation**.

Module 3: Disaster Risk Financing and Resilience

- Risk financing instruments (insurance, bonds, reserves).
- Climate and catastrophe financing mechanisms.
- International financing facilities and donors.
- Mobilizing private sector finance.
- Leveraging resilience bonds for recovery.
- **Case Study: Caribbean Catastrophe Risk Insurance Facility (CCRIF)**.

Module 4: Transparency, Accountability, and Anti-Corruption

- Strengthening public audit systems.
- Social accountability in recovery funds.
- Building transparent procurement processes.
- Role of civil society in financial oversight.
- Combating corruption in post-disaster funds.
- **Case Study: Tsunami recovery fund oversight in Indonesia**.

Module 5: Donor Coordination and Resource Mobilization

- Aligning donor support with national priorities.
- Multi-donor trust funds management.
- Aid effectiveness and accountability frameworks.
- Resource mobilization strategies.
- International financial institution roles.
- **Case Study: Post-conflict recovery funding in South Sudan**.

Module 6: Public Investment Management for Reconstruction

- Planning and financing infrastructure recovery.
- Prioritizing capital investment in recovery projects.
- Risk assessments in investment decisions.
- Evaluating fiscal sustainability of projects.
- Strengthening investment monitoring systems.
- **Case Study: Infrastructure rebuilding in post-disaster Japan**.

Module 7: Digital Tools and Financial Innovation

- Digital payment systems for recovery financing.
- Blockchain in disaster fund tracking.
- Financial management information systems (FMIS).
- Use of mobile platforms for community transfers.
- FinTech innovations in post-disaster finance.
- **Case Study: Kenya’s mobile money in drought recovery**.

Module 8: Monitoring, Evaluation, and Resilient Policy Design

- Designing PFM monitoring frameworks.
- Policy reforms for fiscal resilience.
- Integrating lessons from recovery into national systems.
- Strengthening resilience through adaptive policies.
- Long-term evaluation of disaster finance strategies.
- **Case Study: Policy reforms after Hurricane Katrina**.

Training Methodology

- Interactive lectures with expert facilitators.
- Case study analysis from real-world disaster recovery experiences.
- Group discussions and scenario-based exercises.
- Role-play simulations on donor coordination and budgeting.
- Practical workshops using digital tools for recovery finance.
- Action planning sessions for institutional capacity building.

Certification

Upon successful completion of this training, participants will be issued with a globally- recognized certificate.

Tailor-Made Course

We also offer tailor-made courses based on your needs.

Key Notes

a. The participant must be conversant with English.

b. Upon completion of training the participant will be issued with an Authorized Training Certificate

c. Course duration is flexible and the contents can be modified to fit any number of days.

d. The course fee includes facilitation training materials, 2 coffee breaks, buffet lunch and A Certificate upon successful completion of Training.

e. One-year post-training support Consultation and Coaching provided after the course.

f. Payment should be done at least a week before commence of the training, to FINESKILL TRAINING CENTER account, as indicated in the invoice so as to enable us prepare better for you.

Upcoming Scheduled Sessions

Start Date	End Date	Location	Price
07 Sep 2026	11 Sep 2026	Online	$1,100
14 Sep 2026	18 Sep 2026	Online	$1,100
21 Sep 2026	25 Sep 2026	Online	$1,100
28 Sep 2026	02 Oct 2026	Online	$1,100
05 Oct 2026	09 Oct 2026	Online	$1,100
12 Oct 2026	16 Oct 2026	Online	$1,100

Start Date	End Date	Location	Price
19 Oct 2026	23 Oct 2026	Online	$1,100
26 Oct 2026	30 Oct 2026	Online	$1,100
