

Privacy and Data Protection for Support Agents (GDPR/CCPA) Training Course

Professional Development Training Course Outline

Category	Customer Service and Customer Experience	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Support agents play a critical role in safeguarding this information, ensuring compliance with stringent privacy regulations such as GDPR and CCPA. Privacy and Data Protection for Support Agents (GDPR/CCPA) Training Course equips support agents with practical knowledge, actionable strategies, and compliance frameworks to protect sensitive data, prevent breaches, and maintain customer trust. By leveraging real-world case studies, participants will gain hands-on experience in handling personal data securely and responsibly.

The training emphasizes proactive data privacy management, risk mitigation, and regulatory compliance. Participants will learn to identify and respond to potential data breaches, implement data minimization practices, and uphold the highest standards of customer confidentiality. By the end of this program, support agents will be empowered to act as the first line of defense in data protection, contributing to organizational compliance and reinforcing a privacy-first culture.

Programme Curriculum

Privacy and Data Protection for Support Agents (GDPR/CCPA) Training Course

Introduction

In today's digital landscape, customer data is the most valuable asset for organizations. Support agents play a critical role in safeguarding this information, ensuring compliance with stringent privacy regulations such as GDPR and CCPA. Privacy and Data Protection for Support Agents (GDPR/CCPA) Training Course equips support agents with practical knowledge, actionable strategies, and compliance frameworks to protect sensitive data, prevent breaches, and maintain customer trust. By leveraging real-world case studies, participants will gain hands-on experience in handling personal data securely and responsibly.

The training emphasizes proactive data privacy management, risk mitigation, and regulatory compliance. Participants will learn to identify and respond to potential data breaches, implement data minimization practices, and uphold the highest standards of customer confidentiality. By the end of this program, support agents will be empowered to act as the first line of defense in data protection, contributing to organizational compliance and reinforcing a privacy-first culture.

Course Duration

5 days
