

Public Financial Management in Fragile and Conflict-Affected States Training Course

Professional Development Training Course Outline

Category	Public Financial Management & Budgeting	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Public Financial Management (PFM) plays a critical role in strengthening governance, accountability, and sustainable economic growth in fragile and conflict-affected states (FCAS). Effective management of public resources enhances transparency, reduces corruption, and fosters stability. Public Financial Management in Fragile and Conflict-Affected States Training Course equips participants with essential knowledge, tools, and global best practices to design, implement, and monitor PFM systems in fragile contexts. By integrating strategic financial governance, fiscal policy reforms, and donor coordination, participants will gain actionable skills to support institutional resilience and state-building.

In today's rapidly evolving global landscape, fragile states face immense challenges such as limited institutional capacity, political instability, weak regulatory environments, and humanitarian crises. This comprehensive program is designed to provide professionals with critical insights into risk management, budgeting, revenue mobilization, and financial accountability mechanisms tailored for fragile and conflict-affected settings. Through case studies, practical simulations, and real-world examples, participants will acquire the expertise to navigate complex financial governance environments while driving sustainable reforms and development outcomes.
