

Public Procurement Best Practices and Oversight Training Course

Professional Development Training Course Outline

Category	Public Financial Management & Budgeting	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Public procurement is a cornerstone of sustainable governance, transparency, accountability, and value-for-money in both public and private institutions. With global emphasis on ethical procurement, compliance with regulatory frameworks, and efficient contract management, professionals need to embrace procurement best practices, oversight mechanisms, and risk management strategies that foster integrity and efficiency. Public Procurement Best Practices and Oversight Training Course equips participants with cutting-edge skills in procurement compliance, supply chain governance, contract monitoring, vendor evaluation, e-procurement, and sustainable procurement practices to enhance public trust and organizational performance.

The course is designed to address the evolving challenges in procurement by integrating global standards, audit compliance, and anti-corruption measures. Participants will learn to apply practical frameworks in procurement oversight, streamline tendering processes, and adopt innovative approaches such as digital procurement tools, strategic sourcing, performance monitoring, and transparency-driven audits. By the end of this training, learners will be prepared to implement robust procurement systems that drive accountability, efficiency, and long-term value creation.
