

Public Sector Financial Sustainability Analysis Training Course

Professional Development Training Course Outline

Category	Public Financial Management & Budgeting	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Public financial sustainability is at the core of effective governance, fiscal responsibility, and long-term economic growth. Public Sector Financial Sustainability Analysis Training Course equips participants with advanced tools, methodologies, and strategies to analyze fiscal frameworks, assess expenditure efficiency, strengthen revenue mobilization, and enhance budgetary discipline. With a focus on fiscal transparency, debt management, intergovernmental transfers, and public investment analysis, the course prepares participants to design and implement resilient financial systems.

This highly practical and results-driven program emphasizes public finance reforms, fiscal risk assessment, accountability frameworks, and sustainable development financing. Participants will gain insights into innovative financing approaches, participatory budgeting, digital transformation in financial management, and policy-driven fiscal planning. By integrating international best practices and real-world case studies, the course empowers government officials, policymakers, auditors, and financial managers to strengthen fiscal sustainability and deliver inclusive, transparent, and efficient public services.
