

Salesforce Service Cloud: Agent Basics Training Course

Professional Development Training Course Outline

Category	Customer Service and Customer Experience	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Salesforce Service Cloud has emerged as the leading customer service platform, empowering businesses to deliver exceptional support experiences. Salesforce Service Cloud: Agent Basics Training Course equips learners with the essential tools and knowledge to navigate Service Cloud efficiently, streamline case management, and enhance customer satisfaction. Through hands-on exercises, real-world scenarios, and strategic insights, participants gain the expertise to manage service requests, leverage automation tools, and adopt best practices for a modern customer service environment.

This training focuses on enabling agents to maximize productivity, improve customer engagement, and drive operational efficiency. By understanding Service Cloud features such as case management, knowledge base utilization, and workflow automation, agents can respond faster, resolve issues effectively, and contribute to long-term business success. The course emphasizes practical application, making it suitable for both newcomers to Salesforce and professionals seeking to enhance their service capabilities in a dynamic digital landscape.
