

Taxation in Public Infrastructure Financing Training Course

Professional Development Training Course Outline

Category	Taxation and Revenue	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Taxation plays a pivotal role in financing sustainable public infrastructure that drives economic growth, enhances service delivery, and promotes social equity. Taxation in Public Infrastructure Financing Training Course explores how tax policies, fiscal instruments, and innovative financing mechanisms can support large-scale infrastructure development while ensuring transparency, accountability, and long-term financial sustainability. Participants will gain critical insights into modern taxation systems, public-private partnerships (PPPs), and strategic fiscal management approaches essential for effective infrastructure investment.

In an era of digital transformation and fiscal constraints, understanding the intersection of taxation and infrastructure financing has become a key competency for policymakers, tax professionals, and development practitioners. Through real-world case studies and evidence-based analysis, participants will learn how tax frameworks can be structured to mobilize domestic resources, attract foreign investment, and mitigate risks in infrastructure funding.

Programme Curriculum

Taxation in Public Infrastructure Financing Training Course

Introduction

Taxation plays a pivotal role in financing sustainable public infrastructure that drives economic growth, enhances service delivery, and promotes social equity. Taxation in Public Infrastructure Financing Training Course explores how tax policies, fiscal instruments, and innovative financing mechanisms can support large-scale infrastructure development while ensuring transparency, accountability, and long-term financial sustainability. Participants will gain critical insights into modern taxation systems, public-private partnerships (PPPs), and strategic fiscal management approaches essential for effective infrastructure investment.

In an era of digital transformation and fiscal constraints, understanding the intersection of taxation and infrastructure financing has become a key competency for policymakers, tax professionals, and development practitioners. Through real-world case studies and evidence-based analysis, participants will learn how tax frameworks can be structured to mobilize domestic resources, attract foreign investment, and mitigate risks in infrastructure funding.

Course Objectives

1. Understand the fundamentals of taxation in public infrastructure financing frameworks.
2. Examine modern fiscal policy tools for sustainable infrastructure development.
3. Explore revenue mobilization strategies through direct and indirect taxes.
4. Analyze PPP models and tax incentives for private sector engagement.
5. Assess tax compliance mechanisms in infrastructure project execution.
6. Identify risks and mitigation strategies in infrastructure taxation systems.
7. Apply international best practices in tax policy for infrastructure funding.
8. Evaluate the impact of tax reforms on public infrastructure delivery.
9. Explore innovative digital tax systems supporting infrastructure financing.
10. Understand the role of sub-national taxation in infrastructure growth.
11. Develop strategies for effective tax administration in capital projects.
12. Examine case studies on successful infrastructure tax-financing models.
13. Strengthen analytical and decision-making skills for policy implementation.

Organizational Benefits

1. Enhanced capacity in fiscal and infrastructure policy formulation.
2. Improved efficiency in tax revenue mobilization for development projects.
3. Strengthened compliance and governance in project implementation.
4. Increased institutional understanding of PPP tax structures.
5. Improved financial management and resource allocation.
6. Strengthened decision-making for infrastructure investments.
7. Integration of digital tax technologies for transparency.
8. Enhanced competitiveness in public finance administration.
9. Improved stakeholder collaboration in infrastructure financing.
10. Greater institutional readiness for sustainable fiscal reforms.

Target Audiences

1. Tax administrators and revenue authority officials
2. Infrastructure and public finance planners
3. Policy analysts and fiscal reform officers
4. Economists and budget officers
5. Auditors and compliance managers
6. Financial controllers and investment analysts
7. PPP coordinators and legal advisors
8. Development partners and donor agency officers

Course Duration: 5 days

Course Modules

Module 1: Foundations of Taxation and Public Infrastructure Financing

- Overview of fiscal frameworks and infrastructure financing models
- Taxation as a tool for public investment
- Sources of tax revenue for infrastructure projects
- Legal and regulatory frameworks for public infrastructure taxation
- Global perspectives on fiscal sustainability
- Case Study: Tax-financed infrastructure in Singapore

Module 2: Public-Private Partnerships and Tax Incentive Structures

- Understanding PPP models and their fiscal implications
- Tax reliefs and incentives for private sector investors
- Structuring contracts to optimize tax efficiency
- Managing tax risks in PPP arrangements
- Evaluating fiscal transparency in PPP projects
- Case Study: Kenya's PPP framework in infrastructure tax reform

Module 3: Domestic Resource Mobilization Strategies

- Leveraging domestic taxes for sustainable infrastructure funding
- Property tax, excise duties, and user fees
- Strengthening compliance and reducing tax leakages
- Integrating digital tools for resource mobilization
- Policy design for inclusive tax collection
- Case Study: Rwanda's domestic revenue mobilization initiatives

Module 4: Fiscal Policy, Governance, and Accountability

- Role of fiscal policy in infrastructure governance
- Public expenditure control and auditing mechanisms
- Transparency and accountability frameworks
- Monitoring tax expenditure for infrastructure outcomes
- Enhancing integrity in fiscal institutions
- Case Study: OECD fiscal governance models

Module 5: Tax Policy and Sustainable Development Goals (SDGs)

- Aligning tax systems with national development agendas
- Financing climate-resilient and green infrastructure
- Environmental taxes and sustainability levies
- Mainstreaming SDG goals into fiscal planning
- Evaluating policy coherence for development outcomes
- Case Study: EU Green Tax Policy for Infrastructure Financing

Module 6: Sub-National Taxation and Infrastructure Development

- Role of local governments in tax-financed projects
- Decentralized fiscal systems and intergovernmental transfers
- Designing local tax regimes for infrastructure
- Strengthening accountability at sub-national levels
- Balancing equity and efficiency in local taxation
- Case Study: South Africa's municipal taxation system

Module 7: Digital Taxation and Infrastructure Investment

- Impact of technology on tax administration efficiency
- E-tax systems and infrastructure investment facilitation
- Blockchain and transparency in tax collection
- Big data analytics for fiscal forecasting
- Ensuring cybersecurity in digital tax systems
- Case Study: Estonia's e-tax and digital infrastructure strategy

Module 8: Global Tax Reforms and Future of Infrastructure Financing

- Emerging trends in international taxation
- Base erosion and profit shifting (BEPS) in infrastructure financing
- Tax treaties and international collaboration
- Fiscal resilience in a changing global economy
- Lessons from global infrastructure funding practices
- Case Study: G20 infrastructure tax reform initiatives

Training Methodology

- Interactive lectures and expert-led discussions
- Practical workshops using real-life case studies
- Group exercises and collaborative learning sessions
- Simulation of fiscal and tax policy scenarios
- Multimedia presentations and guided research activities

Certification

Upon successful completion of this training, participants will be issued with a globally- recognized certificate.

Tailor-Made Course

We also offer tailor-made courses based on your needs.

Key Notes

- a. The participant must be conversant with English.
- b. Upon completion of training the participant will be issued with an Authorized Training Certificate
- c. Course duration is flexible and the contents can be modified to fit any number of days.
- d. The course fee includes facilitation training materials, 2 coffee breaks, buffet lunch and A Certificate upon successful completion of Training.
- e. One-year post-training support Consultation and Coaching provided after the course.
- f. Payment should be done at least a week before commence of the training, to FINESKILL TRAINING CENTER account, as indicated in the invoice so as to enable us prepare better for you.

Upcoming Scheduled Sessions

Start Date	End Date	Location	Price
07 Sep 2026	11 Sep 2026	Online	\$1,100
14 Sep 2026	18 Sep 2026	Online	\$1,100
21 Sep 2026	25 Sep 2026	Online	\$1,100
28 Sep 2026	02 Oct 2026	Online	\$1,100
05 Oct 2026	09 Oct 2026	Online	\$1,100
12 Oct 2026	16 Oct 2026	Online	\$1,100
19 Oct 2026	23 Oct 2026	Online	\$1,100
26 Oct 2026	30 Oct 2026	Online	\$1,100
