

Trade Unionism and Modern Employment Relations Training Course

Professional Development Training Course Outline

Category	Trade Unions	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

The world of work is undergoing rapid transformation driven by globalization, digitalization, artificial intelligence, labor law reforms, diversity and inclusion, remote work systems, and evolving employee expectations. Trade Unionism and Modern Employment Relations Training Course equips participants with advanced competencies in trade union leadership, labor rights advocacy, dispute resolution, social dialogue, workforce engagement, occupational health and safety, and sustainable employment relations. The course integrates practical approaches, global best practices, and contemporary case studies to strengthen institutional effectiveness and organizational resilience in both public and private sectors.

This comprehensive program focuses on strategic labor relations management, union transformation, employee engagement, digital labor platforms, collective bargaining agreements, labor compliance, conflict management, workplace diversity, and future workforce trends. Participants will gain practical insights into employment law compliance, negotiation techniques, grievance handling, labor market intelligence, and stakeholder collaboration while exploring innovative strategies for improving productivity, worker welfare, and organizational sustainability. The training is designed to empower trade union leaders, HR professionals, labor officers, shop stewards, and organizational executives with modern tools for effective workplace governance and social partnership development in the changing world of work.

Programme Curriculum

Trade Unionism and Modern Employment Relations Training Course

Introduction

The world of work is undergoing rapid transformation driven by globalization, digitalization, artificial intelligence, labor law reforms, diversity and inclusion, remote work systems, and evolving employee expectations. Trade Unionism and Modern Employment Relations Training Course equips participants with advanced competencies

in trade union leadership, labor rights advocacy, dispute resolution, social dialogue, workforce engagement, occupational health and safety, and sustainable employment relations. The course integrates practical approaches, global best practices, and contemporary case studies to strengthen institutional effectiveness and organizational resilience in both public and private sectors.

This comprehensive program focuses on strategic labor relations management, union transformation, employee engagement, digital labor platforms, collective bargaining agreements, labor compliance, conflict management, workplace diversity, and future workforce trends. Participants will gain practical insights into employment law compliance, negotiation techniques, grievance handling, labor market intelligence, and stakeholder collaboration while exploring innovative strategies for improving productivity, worker welfare, and organizational sustainability. The training is designed to empower trade union leaders, HR professionals, labor officers, shop stewards, and organizational executives with modern tools for effective workplace governance and social partnership development in the changing world of work.
