By mastering these skills, attendees will improve collaboration, resolve conflicts, and build stronger professional relationships.

Programme Curriculum

Training Course on Communication and Planning Skills for Administrative Professionals

Introduction

Effective communication and planning are critical skills for administrative professionals striving to excel in today's dynamic work environments. Training Course on Communication and Planning Skills for Administrative Professionals equips participants with the tools and strategies to enhance interpersonal communication, streamline workflows, and execute tasks with precision. This comprehensive program is designed to empower professionals to manage responsibilities efficiently while contributing to organizational success. Strong communication skills are essential for administrative professionals who serve as the backbone of organizational operations. This course

covers key aspects of verbal, written, and non-verbal communication, enabling participants to interact effectively with colleagues, management, and external stakeholders. By mastering these skills, attendees will improve collaboration, resolve conflicts, and build stronger professional relationships.

Planning and organization are equally vital for success in administrative roles. This training delves into techniques for prioritizing tasks, managing schedules, and organizing projects to ensure seamless execution. Participants will learn how to align their planning efforts with organizational goals, making them indispensable team members who add value at every level. Through interactive sessions, case studies, and hands-on activities, this course fosters a deeper understanding of the synergy between communication and planning. By the end of the training, participants will possess the confidence and competence to manage their roles more effectively, drive productivity, and ensure smooth office operations.
