

Training Course on Delivering Quality Management and Customer Satisfaction to Meet ISO 10001-10004

Professional Development Training Course Outline

Category	Development	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today's highly competitive and customer-driven market, organizations must prioritize **quality management** and **customer satisfaction** as strategic pillars for sustained growth. This comprehensive training course is designed to align with international best practices by focusing on **ISO 10001, ISO 10002, ISO 10003, and ISO 10004 standards**, which guide customer satisfaction codes of conduct, complaint handling, dispute resolution, and monitoring techniques. Professionals will gain practical skills to enhance customer loyalty, elevate brand reputation, and ensure compliance with global quality benchmarks.

This hands-on training empowers organizations to develop, implement, and maintain effective **customer satisfaction strategies** and **quality management systems (QMS)**. By embedding these ISO standards into business processes, participants will boost operational efficiency, manage feedback proactively, resolve disputes effectively, and enhance customer experiences across touchpoints. With customer expectations evolving rapidly, mastering these frameworks positions businesses for measurable success and customer-driven excellence.

Training Course on Delivering Quality Management and Customer Satisfaction to Meet ISO 10001 – 10004

Introduction

In today's highly competitive and customer-driven market, organizations must prioritize **quality management** and **customer satisfaction** as strategic pillars for sustained growth. This comprehensive training course is designed to align with international best practices by focusing on **ISO 10001, ISO 10002, ISO 10003, and ISO 10004 standards**, which guide customer satisfaction

codes of conduct, complaint handling, dispute resolution, and monitoring techniques. Professionals will gain practical skills to enhance customer loyalty, elevate brand reputation, and ensure compliance with global quality benchmarks.

This hands-on training empowers organizations to develop, implement, and maintain effective **customer satisfaction strategies** and **quality management systems (QMS)**. By embedding these ISO standards into business processes, participants will boost operational efficiency, manage feedback proactively, resolve disputes effectively, and enhance customer experiences across touchpoints. With customer expectations evolving rapidly, mastering these frameworks positions businesses for measurable success and customer-driven excellence.

Course Duration

5 days

Course Objectives

1. Understand the core principles of **ISO 10001 – ISO 10004 standards**.
2. Implement **customer satisfaction codes of conduct** in line with ISO 10001.
3. Develop effective **complaint management systems** using ISO 10002.
4. Resolve customer disputes with structured **dispute resolution frameworks** (ISO 10003).
5. Monitor and measure **customer satisfaction metrics** through ISO 10004.
6. Strengthen **customer experience management (CEM)** using ISO tools.
7. Enhance **service quality assurance** with practical ISO applications.
8. Increase **brand trust and customer loyalty** through consistent service delivery.
9. Align quality policies with **customer-centric strategies**.
10. Build a culture of **continuous improvement and customer feedback integration**.
11. Reduce **customer churn and negative reviews** by addressing root causes.
12. Train staff on **quality assurance roles and responsibilities**.
13. Drive **operational excellence** through integrated quality and customer service frameworks.

Organizational Benefits

- Improved **customer satisfaction and retention**
- Enhanced **operational efficiency and compliance**
- Streamlined **complaint resolution systems**
- Stronger **brand image and stakeholder trust**
- Sustainable **continuous improvement culture**
