

Training Course on Digital Marketing and Enrollment Strategies for EdTech

Professional Development Training Course Outline

Category	Educational Leadership and Management	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today's competitive education technology (EdTech) landscape, mastering digital marketing strategies is no longer optional—it's essential. As institutions and educational platforms face increased pressure to boost enrollment and retention, leveraging data-driven digital marketing tools has become the cornerstone of sustainable growth. Training Course on Digital Marketing and Enrollment Strategies for EdTech empowers administrators, educators, and marketing professionals to design, execute, and optimize digital campaigns that directly impact student enrollment and engagement.

With a curriculum rooted in real-world application, the course emphasizes high-impact techniques such as SEO optimization, social media marketing, content strategy, email automation, video marketing, and AI-driven personalization. Each module provides actionable insights, supported by EdTech-specific case studies, to ensure participants leave with implementable strategies tailored to their institutions. Whether you're part of a K-12 school, higher ed institution, or EdTech startup, this course will equip you to confidently drive digital growth and meet evolving learner expectations.

Programme Curriculum

Training Course on Digital Marketing and Enrollment Strategies for EdTech

Introduction

In today's competitive education technology (EdTech) landscape, mastering digital marketing strategies is no longer optional—it's essential. As institutions and educational platforms face increased pressure to boost enrollment and retention, leveraging data-driven digital marketing tools has become the cornerstone of sustainable growth. Training Course on Digital Marketing and Enrollment Strategies for EdTech empowers administrators, educators, and marketing professionals to design, execute, and optimize digital campaigns that directly impact student enrollment and engagement.

With a curriculum rooted in real-world application, the course emphasizes high-impact techniques such as SEO optimization, social media marketing, content strategy, email automation, video marketing, and AI-driven personalization. Each module provides actionable insights, supported by EdTech-specific case studies, to ensure participants leave with implementable strategies tailored to their institutions. Whether you're part of a K-12 school, higher ed institution, or EdTech startup, this course will equip you to confidently drive digital growth and meet evolving learner expectations.

Course Objectives

By the end of this training, participants will be able to:

1. Develop SEO-optimized digital campaigns tailored for EdTech audiences.
2. Identify key student personas and enrollment funnels for targeted outreach.
3. Implement data analytics tools to monitor and improve campaign performance.
4. Design effective lead generation and nurturing strategies using automation.
5. Build compelling content marketing strategies that convert.
6. Leverage social media platforms to drive brand awareness and engagement.
7. Utilize AI and machine learning tools for personalized student experiences.
8. Create high-converting landing pages and calls-to-action.
9. Run efficient pay-per-click (PPC) and display ad campaigns.
10. Utilize email marketing automation for personalized communication.
11. Apply video storytelling techniques to increase emotional engagement.
12. Benchmark and evaluate competitor digital strategies for market positioning.
13. Develop a full-funnel digital enrollment strategy roadmap.
