

Training Course on Employee Well-being and Mental Health Support for Staff

Professional Development Training Course Outline

Category	Educational Leadership and Management	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today’s fast-paced and high-demand work environments, employee well-being and mental health support have become crucial pillars of sustainable organizational success. Training Course on Employee Well-being and Mental Health Support for Staff is strategically designed to empower HR professionals, team leaders, and managers with evidence-based tools, practical strategies, and psychological insights to support the mental health of staff, reduce burnout, enhance job satisfaction, and promote a culture of wellness. With a growing emphasis on emotional resilience, stress management, and organizational empathy, this course integrates wellness initiatives into everyday business operations—making mental health a shared responsibility and a top priority.

Participants will gain in-depth understanding of key areas such as emotional intelligence in leadership, burnout prevention, mindfulness at work, and post-pandemic mental health strategies. The curriculum is aligned with global best practices and tailored for hybrid, remote, and in-office environments. Through interactive modules, real-life case studies, and dynamic activities, learners will be well-equipped to create supportive ecosystems that improve staff retention, engagement, and productivity.

Programme Curriculum

Training Course on Employee Well-being and Mental Health Support for Staff

Introduction

In today’s fast-paced and high-demand work environments, employee well-being and mental health support have become crucial pillars of sustainable organizational success. Training Course on Employee Well-being and Mental Health Support for Staff is strategically designed to empower HR professionals, team leaders, and managers with evidence-based tools, practical strategies, and psychological insights to support the mental health of staff, reduce burnout, enhance job satisfaction, and promote a culture of wellness. With a growing emphasis on emotional resilience, stress management, and

organizational empathy, this course integrates wellness initiatives into everyday business operations—making mental health a shared responsibility and a top priority.

Participants will gain in-depth understanding of key areas such as emotional intelligence in leadership, burnout prevention, mindfulness at work, and post-pandemic mental health strategies. The curriculum is aligned with global best practices and tailored for hybrid, remote, and in-office environments. Through interactive modules, real-life case studies, and dynamic activities, learners will be well-equipped to create supportive ecosystems that improve staff retention, engagement, and productivity.
