Programme Curriculum

Training Course on Gender Audit

Training Course on **Gender Audit** is designed to equip participants with the skills and knowledge necessary to assess and enhance gender equality within organizations. A gender audit is a systematic evaluation of policies, practices, and outcomes to identify gender disparities and promote equitable environments. This course will guide participants through the process of conducting a gender audit and implementing effective strategies for improvement.

Through interactive workshops, case studies, and practical exercises, participants will learn to analyze gender-related data, engage stakeholders, and develop actionable recommendations. By the end of the program, participants will be prepared to conduct gender audits and advocate for gender-responsive policies within their organizations.
