

Training Course on Mental Health and Wellbeing in the Workplace

Professional Development Training Course Outline

Category	Occupational Health	Duration	10 Days
Base Fee	\$3,000 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today’s fast-paced corporate world, mental health and employee wellbeing are no longer optional conversations—they are essential components of sustainable business success. Mental health challenges such as stress, anxiety, and burnout are leading causes of reduced productivity and increased absenteeism in the workplace. Employers are realizing the importance of nurturing a psychologically safe work environment where mental health awareness, emotional intelligence, resilience, and positive communication are deeply embedded in the company culture. This course provides practical strategies and real-life case studies to help participants understand, support, and promote mental wellbeing in diverse organizational settings.

Training Course on Mental Health and Wellbeing in the Workplace is designed to empower professionals with tools to recognize early warning signs, implement mental health support structures, and foster a culture of inclusion and emotional safety. Through interactive modules, role-playing exercises, leadership coaching, and case-based learning, participants will gain actionable insights into stress management, conflict resolution, trauma-informed leadership, and creating supportive workplace policies. This course integrates current best practices and trending strategies to align mental health promotion with productivity, innovation, and long-term organizational resilience.

Training Course on Mental Health and Wellbeing in the Workplace

Introduction

In today’s fast-paced corporate world, mental health and employee wellbeing are no longer optional conversations—they are essential components of sustainable business success. Mental health challenges such as stress, anxiety, and burnout are leading causes of reduced productivity and increased absenteeism in the workplace. Employers are realizing the importance of nurturing a psychologically safe work environment where mental health awareness, emotional intelligence,

resilience, and positive communication are deeply embedded in the company culture. This course provides practical strategies and real-life case studies to help participants understand, support, and promote mental wellbeing in diverse organizational settings.

Training Course on Mental Health and Wellbeing in the Workplace is designed to empower professionals with tools to recognize early warning signs, implement mental health support structures, and foster a culture of inclusion and emotional safety. Through interactive modules, role-playing exercises, leadership coaching, and case-based learning, participants will gain actionable insights into stress management, conflict resolution, trauma-informed leadership, and creating supportive workplace policies. This course integrates current best practices and trending strategies to align mental health promotion with productivity, innovation, and long-term organizational resilience.

- Understanding intersectionality in mental health
- Supporting marginalized and neurodivergent employees
- Inclusive language and communication
- Equity-based resource allocation
- Mental health allyship programs
- **Case Study:** Salesforce's inclusive wellbeing initiatives

Module 11: Supporting Mental Health in Remote Work

- Remote-specific stressors and isolation
- Digital tools for mental wellness
- Building virtual communities of care
- Flexible scheduling for work-life balance
- Tracking mental wellbeing remotely
- **Case Study:** Buffer's approach to remote mental health

Module 12: Measuring Mental Health Outcomes

- Creating measurable wellbeing indicators (KPIs)
- Gathering employee mental health feedback
- Using surveys and tools (e.g., GHQ-12)
- Analyzing engagement and absenteeism data
- Reporting and continuous improvement
- **Case Study:** PwC's mental health analytics

Module 13: Training Managers for Mental Health Leadership

- Coaching for compassion and communication
- How managers can spot early warning signs
- Creating open dialogue and listening spaces
- Building manager accountability in wellbeing
- Integrating mental health into 1:1s
- **Case Study:** Amazon's Wellbeing Leader Training

Module 14: Partnering with Mental Health Professionals

- When to involve a therapist or counselor
- Structuring Employee Assistance Programs (EAPs)
- Collaborating with external partners
- Referrals and support channels
- Confidentiality and legal compliance
- **Case Study:** IBM's EAP collaboration model

Module 15: Developing a Mental Health Culture Roadmap

- Assessing current workplace mental health culture
- Identifying gaps and opportunities
- Setting short- and long-term goals
- Involving employees in program development
- Sustaining momentum with champions and incentives
- **Case Study:** Unilever's long-term mental wellness roadmap

Training Methodology

- **Experiential Learning:** Interactive role-plays, group activities, and real-life scenarios
- **Case-Based Learning:** Application of theory through industry-specific examples
- **Collaborative Workshops:** Peer-led discussions to foster insight and shared experience
- **Expert Panels:** Live Q&A and talks by mental health professionals and HR leaders
- **Workplace Simulations:** Practice crisis response, conversations, and resilience-building
- **Toolkit Distribution:** Checklists, guides, and templates for post-training implementation
