

Training course on Urban Regeneration and Gentrification in Real Estate

Professional Development Training Course Outline

Category	Real Estate Institute	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

Cities globally are undergoing continuous transformation, with Urban Regeneration and Gentrification in Real Estate emerging as powerful, yet often contentious, forces shaping the built environment and urban societies. Training Course on Urban Regeneration and Gentrification in Real Estate is meticulously designed to equip with the critical knowledge and strategic frameworks. This is necessary to understand these complex processes, analyze their drivers and impacts, and design interventions that foster equitable and sustainable urban development. Beyond surface-level changes, this specialized field demands a nuanced understanding of socio-economic dynamics, land values, policy levers, and the often-conflicting interests of diverse stakeholders, blending in-depth knowledge of revitalization strategies, displacement prevention measures, community participation models, and long-term economic sustainability, and the leveraging of inclusive planning approaches and transparent governance to ensure that urban renewal benefits all residents, not just a select few. This comprehensive 5-day program delves into nuanced methodologies for analyzing the historical and theoretical underpinnings of urban regeneration and gentrification, mastering advanced techniques for conducting socio-economic impact assessments, identifying early warning signs of displacement, and designing policies that promote affordability and diversity, and exploring cutting-edge approaches to facilitating mixed-income developments, preserving cultural heritage, and engaging marginalized communities in the planning process.¹ A significant focus will be placed on understanding the interplay of real estate investment, public policy, infrastructure development, and community activism in shaping urban change. By integrating global industry best practices and specific case studies from diverse urban contexts (including emerging cities in Africa like Nairobi, where rapid urbanization and informal settlements present unique challenges and opportunities for regeneration), analyzing **real-world successes and failures in balancing revitalization with social equity**, and engaging in intensive hands-on stakeholder mapping exercises, policy simulation workshops, community impact assessment reviews, and expert-led discussions, attendees will develop the strategic acumen to confidently navigate the complexities of urban change, fostering unparalleled equitable development, social cohesion, and securing their position as indispensable leaders in shaping more inclusive and sustainable cities for the future.

Programme Curriculum

Training Course on Urban Regeneration and Gentrification in Real Estate

Introduction:

Cities globally are undergoing continuous transformation, with **Urban Regeneration and Gentrification in Real Estate** emerging as powerful, yet often contentious, forces shaping the built environment and urban societies. Training Course on Urban Regeneration and Gentrification in Real Estate is meticulously designed to equip with the critical knowledge and strategic frameworks. This is necessary to **understand these complex processes, analyze their drivers and impacts, and design interventions that foster equitable and sustainable urban development**. Beyond surface-level changes, this specialized field demands a **nuanced understanding of socio-economic dynamics, land values, policy levers, and the often-conflicting interests of diverse stakeholders**, blending **in-depth knowledge of revitalization strategies, displacement prevention measures, community participation models, and long-term economic sustainability**, and the leveraging of **inclusive planning approaches and transparent governance** to ensure that urban renewal benefits all residents, not just a select few.

This comprehensive 5-day program delves into **nuanced methodologies for analyzing the historical and theoretical underpinnings of urban regeneration and gentrification**, mastering **advanced techniques for conducting socio-economic impact assessments, identifying early warning signs of displacement, and designing policies that promote affordability and diversity**, and exploring **cutting-edge approaches to facilitating mixed-income developments, preserving cultural heritage, and engaging marginalized communities in the planning process**.¹ A significant focus will be placed on understanding the interplay of **real estate investment, public policy, infrastructure development, and community activism in shaping urban change**. By integrating **global industry best practices and specific case studies from diverse urban contexts (including emerging cities in Africa like Nairobi, where rapid urbanization and informal settlements present unique challenges and opportunities for regeneration)**, analyzing **real-world successes and failures in balancing revitalization with social equity**, and engaging in intensive hands-on **stakeholder mapping exercises, policy simulation workshops, community impact assessment reviews, and expert-led discussions**, attendees will develop the **strategic acumen** to confidently navigate the complexities of urban change, fostering unparalleled **equitable development, social cohesion**, and securing their position as indispensable leaders in **shaping more inclusive and sustainable cities for the future**.

Course Objectives

Upon completion of this course, participants will be able to:

1. **Analyze core principles and strategic responsibilities of urban regeneration and gentrification in real estate.**
2. **Master sophisticated techniques for differentiating between urban regeneration, revitalization, and gentrification.**
3. **Develop nuanced strategies for identifying the socio-economic drivers and impacts of gentrification on communities.**
4. **Implement effective policy interventions and planning tools to mitigate displacement and promote equitable development.**
5. **Manage complex stakeholder engagement processes to foster inclusive urban regeneration initiatives.**

6. **Apply robust strategies for financing and developing mixed-income and affordable housing** within regenerating areas.
7. **Understand the deep integration of heritage preservation and cultural identity** in urban renewal projects.
8. **Leverage knowledge of economic development strategies** that benefit existing residents in gentrifying neighborhoods.
9. **Optimize strategies for infrastructure investment and public space design** to support equitable urban regeneration.
10. **Formulate specialized urban planning approaches** that address the challenges of informal settlements and slum upgrading in the context of regeneration.
11. **Conduct advanced social impact assessments and community needs analyses** for urban development projects.
12. **Navigate challenging situations** such as **community resistance, political tensions, and balancing economic growth with social equity**.³
13. **Develop a holistic, ethical, and strategically adaptive approach to managing urban regeneration and gentrification in diverse global cities, with a focus on inclusivity and sustainability**

Target Audience

This course is designed for professionals involved in Urban Regeneration and Gentrification:

1. **Urban Planners and City Officials:** Designing and implementing urban development strategies.
2. **Real Estate Developers and Investors:** Involved in urban renewal projects.⁴
3. **Government Officials:** Policymakers in housing, land use, and economic development.
4. **Community Leaders and Activists:** Advocating for equitable development and housing rights.
5. **Social Scientists and Researchers:** Studying urban change, gentrification, and displacement.
6. **Non-Profit Organizations and NGOs:** Working on housing, community development, and social justice.
7. **Architects and Urban Designers:** Designing regeneration projects and public spaces.
8. **Real Estate Consultants:** Advising on urban development and market dynamics in changing neighborhoods.⁵

Course Duration: 5 Days

Course Modules

- **Module 1: Understanding Urban Regeneration & Gentrification Concepts**
 - Defining **urban regeneration, revitalization, renewal, and gentrification**: key distinctions and overlaps.
 - Historical overview of **urban change theories** and their evolution.
 - **Drivers of urban regeneration**: economic shifts, public policy, infrastructure investment, cultural trends.
 - **Drivers of gentrification**: capital investment, demographic shifts, cultural preferences, housing demand.
 - **Case Study**: Examining a historical example of urban renewal (e.g., a post-industrial city's transformation) and its long-term impacts.
- **Module 2: Socio-Economic Impacts of Gentrification**
 - **Displacement**: direct (evictions) and indirect (rising rents, property taxes).⁶
 - **Changes in neighborhood demographics**: income, race, education, household composition.⁷
 - **Social impacts**: loss of community, cultural erasure, increased inequality.⁸
 - **Economic impacts**: property value appreciation, business displacement, new economic opportunities.⁹

- **Case Study:** Analyzing the socio-economic impacts of gentrification in a specific neighborhood, using quantitative and qualitative data (e.g., Brooklyn, New York, or parts of London).
- **Module 3: Policy Interventions to Manage Gentrification**
 - **Inclusionary zoning:** requiring affordable housing in new developments.¹⁰
 - **Rent control and tenant protection laws:** eviction moratoriums, right to counsel.
 - **Land value capture mechanisms:** special assessment districts, impact fees.¹¹
 - **Community Land Trusts (CLTs)** and other models for preserving long-term affordability.
 - **Case Study:** Evaluating the effectiveness of inclusionary zoning policies in a city context to promote mixed-income neighborhoods.
- **Module 4: Land, Infrastructure & Public Space in Regeneration**
 - **Land assembly and acquisition strategies** for large-scale regeneration projects.
 - The role of **public infrastructure investment** (transportation, utilities) in driving urban change.
 - Designing **inclusive public spaces:** parks, plazas, community centers.¹²
 - **Brownfield and greyfield redevelopment** transforming contaminated or underutilized sites.
 - **Case Study:** Examining a major infrastructure project (e.g., a new transit line) and its impact on surrounding property values and community composition.
- **Module 5: Financial Mechanisms for Equitable Regeneration**
 - **Public funding sources:** grants, tax increment financing (TIF), bond issues.
 - **Private capital:** impact investors, social enterprise funding, traditional real estate finance.
 - **Blended finance models:** combining public and private capital for social outcomes.
 - **Affordable housing development finance** within regeneration areas.
 - **Case Study:** Analyzing the funding structure of an equitable regeneration project that successfully leveraged blended finance.
- **Module 6: Community Engagement & Participatory Planning**
 - **Stakeholder mapping:** identifying diverse community groups and their interests.¹³
 - **Authentic community engagement methodologies:** workshops, charrettes, co-design processes.
 - **Empowering marginalized voices** in planning decisions.
 - **Community benefits agreements (CBAs)** as tools for equitable development.¹⁴
 - **Case Study:** Reviewing a regeneration project where robust community engagement led to more equitable outcomes and reduced conflict.
- **Module 7: Heritage Preservation & Cultural Identity**
 - The importance of **preserving historic buildings and cultural heritage** in regenerating areas.¹⁵
 - Mitigating the **loss of local businesses and cultural institutions** during gentrification.
 - Supporting **art, culture, and creative industries** as anchors for authentic regeneration.
 - Developing **cultural tourism strategies** that benefit existing communities.
 - **Case Study:** Exploring a regeneration project that successfully integrated heritage preservation and celebrated local cultural identity.
- **Module 8: Case Studies, Challenges & Future Outlook**
 - **Global and regional case studies** of diverse urban regeneration efforts, including successes and failures (e.g., specific neighborhoods in African cities like Nairobi's informal settlements undergoing upgrades vs. areas experiencing rapid market-driven gentrification).¹⁶
 - **Ethical considerations:** balancing economic growth with social justice.
 - **Addressing urban informality and slum upgrading** in the context of regeneration (relevant to Nairobi).
 - **Emerging trends:** smart city technologies, climate resilience, health equity in urban planning.
 - **Case Study:** Debating strategies for managing gentrification in a rapidly developing African city, considering its unique socio-economic context and the challenge of balancing investment with inclusivity.

Training Methodology

- **Interactive Workshops:** Facilitated discussions, group exercises, and problem-solving activities.
- **Case Studies:** Real-world examples to illustrate successful community-based surveillance practices.
- **Role-Playing and Simulations:** Practice engaging communities in surveillance activities.
- **Expert Presentations:** Insights from experienced public health professionals and community leaders.
- **Group Projects:** Collaborative development of community surveillance plans.
- **Action Planning:** Development of personalized action plans for implementing community-based surveillance.
- **Digital Tools and Resources:** Utilization of online platforms for collaboration and learning.
- **Peer-to-Peer Learning:** Sharing experiences and insights on community engagement.
- **Post-Training Support:** Access to online forums, mentorship, and continued learning resources.

Certification

Upon successful completion of this training, participants will be issued with a globally recognized certificate.

Tailor-Made Course

We also offer tailor-made courses based on your needs.

Key Notes

- Participants must be conversant in English.
- Upon completion of training, participants will receive an Authorized Training Certificate.
- The course duration is flexible and can be modified to fit any number of days.
- Course fee includes facilitation, training materials, 2 coffee breaks, buffet lunch, and a Certificate upon successful completion.
- Upcoming Scheduled Sessions

Start Date	End Date	Location	Price
07 Sep 2026	11 Sep 2026	Physical	\$1,500
14 Sep 2026	18 Sep 2026	Physical	\$1,500
21 Sep 2026	25 Sep 2026	Physical	\$1,500
28 Sep 2026	02 Oct 2026	Physical	\$1,500
05 Oct 2026	09 Oct 2026	Physical	\$1,500
12 Oct 2026	16 Oct 2026	Physical	\$1,500

Start Date	End Date	Location	Price
19 Oct 2026	23 Oct 2026	Physical	\$1,500
26 Oct 2026	30 Oct 2026	Physical	\$1,500
