

Training Course on Workplace Learning and Human Capital Development

Professional Development Training Course Outline

Category	Development	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today’s fast-paced, innovation-driven business world, workplace learning and human capital development have become essential for driving organizational success and achieving long-term employee engagement. Organizations that invest in strategic talent development, employee upskilling, and corporate training programs position themselves at the forefront of productivity, adaptability, and leadership growth. Training Course on Workplace Learning and Human Capital Development equips professionals and managers with the latest learning technologies, performance enhancement strategies, and human resource optimization tools to foster a culture of continuous improvement and organizational excellence.

With a strong emphasis on employee development, competency mapping, and transformational learning models, this course is tailored for companies that want to future-proof their workforce. It integrates both theory and practical tools to enhance employee retention, build leadership capacity, and align workforce capabilities with business goals. Through engaging modules, participants will explore real-world scenarios and apply best practices in organizational learning, digital learning platforms, and human capital investment planning.
